The Newmarket Era.

Newmarket, Friday, January 24th, 1862.

General Summary.

The Local Superintendent of Schools for Newmarket, will deliver his annual Lecture on Tuesday evening next, in the Mechanics' Hall. Chair to be taken at 7 1/2 o'clock.

Wm. McMaster announces great bargains for a short time, as he is determined to clear out his immense stock before receiving new spring goods. Mr. MILLARD, too being about to relinquish the manufacturing of Upholstery, offers his present stock at low rates. See advertisements.

A meeting of the Board of School Trustees takes place to-morrow (Saturday) evening, at the Railroad Hotel. According to a resolution adopted at the last public school meeting, the charge is only 12 1/2 cts. per month tuition at the Newmarket Common School, for the current year.

Grace Greenwood.—This well-known and popular writer, will lecture in the Mechanics' Hall, Newmarket, this (Friday) evening. In speaking of her Lectures before the Ontario Literary Society, the Toronto Globe says:—"This lady is an agreeable speaker, and excites the sympathies of her audience with the greatest ease—moving them at will to laughter or tears." Let all attend: for Grace is a favorite.

ALFRED WILSON, Esq., agent for the Royal Insurance Company, has laid on our table the Almanac issued by the Company, for 1862. It contains beautiful illustrations of their building in the principal cities in Europe and America; and besides the usual matter of interest to insurers, contains an excellent supplement, relating to statistics, data, &c., of peculiar interest to Canadians. The Royal is considered one of the best Companies in the country. Its capital is two millions, with an annual revenue of over £400,000 sterling.

Tickets for the County Agricultural Society are now ready for distribution. The Mechanics' Hall Company have generously offered two prizes—one of \$6, and the other of \$4, to the persons disposing of the largest number of tickets, in these prizes, the Society has determined to offer two more—one of \$5 and the other of \$3—making in all four prizes to be competed for. Open to any one who may feel disposed to compete. Returns to be made according to law. The membership last year, exceeded 200, and we confidently hope the number will be doubled for 1862. If a vigorous County Society be sustained, the Branch Associations will receive a corresponding increase, and become much more efficient.

North York E. D. Agricultural Society.

The Annual meeting of the above Association took place in the Mechanics' Hall, Newmarket, on Saturday last. The attendance was large and a good deal of interest was manifested.

The President—Mr. Alfred Stevens, occupied the chair, who in a few well-timed remarks introduced Prof. BECKLAND, of Toronto University, (previously announced to lecture before the Society on the evening,) to the meeting. Subject—"The best system of farming for Canada."

Prof. BECKLAND, on rising, was greeted with applause. He commenced by saying, that on receiving the request from the Secretary of this Society to deliver a Lecture on this occasion, and learning the meeting was to be held on a Saturday, he at once determined to accede to it.—The pleasing recollections he had from his previous visit last year, led him the more readily to this conclusion. After a few other introductory remarks, he said:—"There seemed to be a mistaken notion prevailing with regard to the qualifications of an agriculturist. Many people appeared to fancy that agriculture being a very old occupation was equally simple, and that almost anybody could be made a farmer. Artisans and laborers from the Old World thought they could come here and till the soil without much effort. It was true, some had been successful, but many had failed, and the reason was they did not understand the first principles of good husbandry. What was agriculture? To till the soil—draw the largest amount of produce therefrom, and not reduce that soil. But all these primary productions have reference to the sustentation of animal life. Gentlemen present could therefore readily see, on reflection, that these important operations could not be easily understood. There was the nature of the soil, which was various: from an unproductive to a mountainous tract; or from a strong clay to a sandy plain. The chemical composition of the soil was equally various. One part of the country would grow a description of produce better than another. To understand this, required close observation on the part of the agriculturist. To make the soil as productive as possible, was the aim of the farmer."

With regard to the Branch Societies, your Board have much pleasure in stating, that from the reports presented, they are successful as could be wished, when everything is taken into account. The number of membership appears to be on the increase, and the best of good feeling seems to pervade throughout. All of which is respectfully submitted.

On motion of Mr. Geo. L. Pearson, seconded by Mr. P. Playter, the report was received and adopted.

The President then said the next duty, was the electing of officers-bearers for the ensuing year—the chair nominating Mr. J. S. Wilkin and Mr. Thos. L. Heacock as scrutineers of ballot. The following gentlemen were elected:—

Mr. JOHN EVANS—President.
Mr. GEO. L. PEARSON—1st Vice-Pres.
Mr. JAMES LLOYD—2nd do. do.
Mr. E. JACKSON—Secy. Treas.

Directors.
Messrs. Samuel Macell, John Nixon, Thos. L. Heacock, John Wilkin, James Cowleson, Reuben Powell and Hiram Moore.

Dr. J. Boutley and N. A. Gamble, Esq. On motion of Mr. Geo. L. Pearson, seconded by Mr. Stevens, Mr. E. Jackson was appointed a Delegate from this Society to meet a Convention of Delegates from other Societies on the 30th inst., at Toronto, to consider certain proposed amendments to the present Agricultural Bill.

A vote of thanks was then unanimously tendered the retiring President, Mr. Alfred Stevens, which he acknowledged in a few remarks, and the meeting adjourned.

We omitted to mention that during the proceedings, the Mechanics' Hall Company offered \$10 to be awarded in prize to the persons obtaining the largest number of members. At a subsequent meeting of the new Board of Directors, \$8 more were added, and the whole amount divided in four prizes, viz: \$6, \$5, \$4 and \$3, for the above purpose. Tickets are now ready for sale. Let there be a general effort this year to double the membership of 1861. It can easily be done if anything like unanimity prevail.

King Township Ag. Society.

The Annual Meeting of the King Township Agricultural Society was held on the 16th inst., at Wilson's Hotel, Kettleby.

The President—Mr. O. Phillips in the Chair.

The Annual Report was then presented and read; from which we glean the following particulars:—

Balance in hand Jan'y 1860,	\$130.32
Received from Membership,	301.00
From County Society,	127.00
Total,	\$558.32
EXPENDITURES.	
Paid proportion of Spring Show,	\$54.00
Prize money Fall Show,	294.00
Sundry dues and expenses,	39.26
Balance in hand,	71.06
Total,	\$458.32

On motion of Mr. M. Stephenson, seconded by Mr. G. L. Pearson, the report was adopted.

The meeting then proceeded to the election of officers-bearers for the ensuing year, which resulted as follows:—

Mr. John Ferguson—President.
Mr. John Nixon—Vice Do.
Mr. Samuel Macell—Secy. Treas.
Directors—Messrs. T. L. Webb, Richard Field, Simon Lemon, J. S. Phillips, Wm. Wells, George Garrow, Alexander Ferguson, John Brooks and John D. Phillips.

After a lengthy debate on the question as to the best mode of procuring members, the following was adopted:—

Resolved—That each Director select an assistant to procure subscriptions.

A vote of thanks was then tendered the President for his able and efficient services during the year, and the meeting adjourned.

The meeting appeared satisfied with the result of the year's operations, and the newly elected Directors at once commenced soliciting members for the new year. We wish them every success; and as the Society also offers prizes, no doubt a commendable rivalry will be manifested.

Provincial Finances.

For some time past the Globe has been doing the country great service in revealing the true state of the financial condition of the Province, and in exposing the recklessness with which the Government of the day have managed our public affairs. Is it possible, that without carrying on any public works, from which a future revenue is anticipated, we have a deficit in four years of over twelve millions of dollars? Can this way of conducting the finances of the country long continue? National bankruptcy must follow as a necessary consequence. With markets low and tending downwards, and taxes on the increase, anything but a favorable aspect is presented at the present time. We take the following extract from the Globe's editorial:—

In another portion of this day's paper we publish a carefully prepared analysis of the revenue and expenditure in each of the four years ending 31st December, 1860. It will be seen from this statement, that there was—

A deficit in 1857 of	\$3,628,424
A deficit in 1858 of	3,694,567
A deficit in 1859 of	1,482,626
A deficit in 1860 of	4,773,068
Total	\$13,578,675
Less—Premium paid on insurance of six per cent. Debentures in exchange for five,	1,219,353
Total deficit in four years,	\$12,359,322

We seek from every reader of the Globe's careful perusal of the several items comprising this statement. They will see that in the four years, the total expenditure was, — \$39,438,747. That the total revenue was — 26,959,570.

On motion of Mr. Geo. L. Pearson, seconded by Mr. P. Playter, the report was received and adopted.

Newmarket Council.

The first meeting of our new Council, pursuant to Statute, took place on Monday last. All the members elect present, and after making the declaration of office took their seats.

Mr. Thos. Nixon, Clerk, in the chair. Mr. Wallis moved, seconded by Mr. Sutherland, that Dr. Pyne be Reeve for the current year. Carried.

The Reeve then took the oath of office, and addressed the Council.

Mr. Sutherland asked leave to introduce a By-Law, in blank, to appoint Auditors for the current year. Leave granted, and the By-Law read a first time.

The Council then resolved into Committee of the whole on the same—Mr. Boulton in the chair.

In filling the blanks left for the names of the Auditors, the Reeve nominated Mr. Nelson Gorham, for one.

Mr. Sutherland, seconded by Mr. Wallis, moved that Mr. Thos. A. Harton be the other.—Carried.

The Committee then rose and the Chairman reported the By-Law as amended.

On the question coming up for the third reading, Mr. Boulton asked the question, if Mr. Harton could qualify? He thought there had been some money transaction between that gentleman and the Corporation during the past year.

Mr. Trent then moved, seconded by Mr. Boulton, that the name of Mr. S. A. Marling be substituted for that of Thos. A. Harton.—Carried.

The By-Law was then amended and received a final reading.

The Reeve then appointed the following standing committees for the year:—

FINANCE AND ASSESSMENT.—Messrs. Sutherland, Wallis and Boulton.

ROADS AND BRIDGES.—Do. Do., except Mr. Wallis was named first.

By-Laws.—Messrs. Boulton, Wallis and Pyne.

Mr. Boulton said he had no desire to dictate; but he thought the conduct of the Reeve in leaving Mr. Trent off all Committees was, to say the least, injudicious, and was setting a bad precedent for the future. If he could leave off one, he could more.

The Reeve said the reason he done so was because he believed there were doubts about the validity of Mr. Trent's return.

Mr. Sutherland said, the appointing of the Standing Committee rested entirely with the Reeve.

Mr. Boulton said he knew that—but common fair play would suggest all the members should be placed on some Committee. But the position assumed by the Reeve was most irreconcilable. Until the matter is tested, Mr. Trent was a member of this Council to all intents and purposes, and the Reeve had no right to draw inferences that Mr. Trent stood in a different position from any other member.

Mr. Trent said, he had been charged with acting tyrannical—a more tyrannical set, than for the Reeve to set himself up for judge in a case where only the Common Law Courts could decide, was most arbitrary.

The Reeve said, he only wanted to be guided by what was right. Mr. Gorham had placed a letter in his hands from Adam Wilson on which he based his alteration. He, however, would make no alteration, if the Council thought otherwise, in the appointments.

Mr. Trent said, he did not desire any alteration. If he was relieved from any of the duties of Committee, he was glad; but as to the law part of contesting his position, he was ready for them.

A little further desultory conversation followed across the table, and the subject dropped.

Mr. Sutherland gave notice that at next meeting of the Council he would introduce a By-Law for the appointment of certain Municipal Officers for the current year.

The Council then adjourned.

The first meeting is over, and "nobody hurt." But what has been the result of all the jangling and contention of the past twelve months: simply the North have got the Hall, and the South Dr. Pyne as Reeve, while the leading reformers of Newmarket, by their own act, have sent a Conservative aspirant to a seat in the Upper House, to represent the Municipality in the County Council.

It is all over with, however, and we must now judge of him by his acts, as well as other members of the Board.—Here we take our stand and "nail our colors to the mast." The Dr. seems to feel the delicacy of his position, and manifested a strong desire to understand the nature of his duties; but we think leaving Mr. Trent off all committees was scarcely justifiable,—for in case he was unsuited the new member could be called upon to fill the vacancy. The action, however, might have been different, had there been a little more time for consideration.

East Gwillimbury Council.

The first meeting of the above Council took place at the Mansion House, Sharon, on Monday last. The old members not re-elected, and after making the usual declarations, took their seats.

The Clerk—Mr. J. T. Stokes, in the chair.

Moved by Mr. Holborn, seconded by Mr. Shuttleworth, that James Parham, Esq., be Reeve of this Township for the current year.—Carried.

Mr. Stokes moved Mr. Shuttleworth for Deputy Reeve.

Mr. Doan moved, seconded by Mr. Parham, that Mr. George Holborn be Deputy Reeve.—Carried.

The Reeve nominated Mr. Wm. Simpson as the other.

Mr. Stokes asked leave to introduce a By-Law to amend the License By-Law now in force, with regard to the duties of license inspectors.

Also a By-Law to provide for the appointment of Inspector and Assessor.—Leave granted, and the By-Laws read a first time.

The Council went into Committee of the whole on the same.—Mr. Holborn in the chair.

The By-Law relating to Duties of Inspector was passed through a second reading. In filling up the blanks of the other, it was moved by Mr. Stiles, that Wm. Hill be appointed Inspector of Licenses.

Mr. Shuttleworth named Mr. William Reid.

Mr. Doan mentioned Mr. Willson Reid. On the vote being taken, the yeas and nays were called for William Hill; yeas, Messrs. Stiles and Parham. Nays, Holborn, Shuttleworth and Doan.

On the vote for Willson Reid, the yeas and nays were called, yeas, Messrs. Parham, Doan and Holborn. Nays, Messrs. Stiles and Shuttleworth.

It appears that of the three gentlemen named for Inspector, the Council had very little choice which should have it.

The By-Law then passed a second reading, and the Committee rose and reported.

The Council adopted the report, and the By-Laws were read the third time and passed.

Mr. Shuttleworth introduced a By-Law to provide for School Section No. 1, to borrow money, which was read a first time, and ordered to a second reading next meeting of Council.

On motion of Mr. Doan, seconded by Mr. Holborn, the Clerk was instructed to advertise for tenders for collecting taxes.

On motion of Mr. Stiles, seconded by Mr. Shuttleworth, it was Resolved—That when this Council adjourns it do stand adjourned to the fourth Saturday in February next.

Moved by Mr. Holborn, seconded by Mr. Doan, that Mr. J. T. Stokes, be, and he is hereby authorized and instructed to inspect the bridge at the foot of Matier's Hill; and report at next meeting the probable cost of erecting a bridge across the river in that locality.

The Council then adjourned.

Whitchurch Council.

The new Council elect for the township of the Township of Whitchurch, met yesterday, at the Temperance Hall, Kettleby, and subscribed to the necessary qualification and declaration of office, before John Allen, Esq., J.P.

The Council is composed of the following members as last year, with the exception of Mr. Lawson, who is returned in place of Mr. Davis.

The Clerk then took the chair, and the following resolutions were adopted.

Moved by Mr. Moore, seconded by Mr. Thompson, and Resolved—That James P. Wells, Esq., late Reeve, be, and is hereby elected Reeve of this municipality for the current year.

The Reeve then briefly addressed the Council, and after subscribing to the declaration of office, took the chair.

Moved by Mr. Moore, seconded by Mr. Thompson, and Resolved—That Mr. J. Webb, Esq., be, and is hereby elected Deputy Reeve of this municipality for the current year.

On motion of Mr. Thompson, a By-Law was introduced in blank, to appoint Auditors for the year ending 31st Dec., 1861, and read a first time.

Moved by Mr. Moore, seconded by Mr. Thompson, and Resolved—That the Council do now resolve into Committee of the whole on the same.

The Council in Committee; Mr. Moore in the chair. Committees rose and the chairman reported the By-Law as amended; the first blank being filled, on the motion of the Reeve, with the name of Pringle Shaw, Esq., and the second blank with the name of H. Edwards Esq., of the Brownsville Examiner.

The By-Law was then read a second and third time, and passed.

On motion of Mr. Lawrence, a By-Law was introduced in blank, to appoint an Assessor for the Township of King, for the present year, and read a first time.

Mr. Lawson moved, seconded by Mr. Moore, that the Council do now resolve itself into Committee of the whole on the same.

The Council in Committee; Mr. Thompson in the chair. Committees rose and the chairman reported the By-Law as amended; by filling the blank with the name of John Gordon.

The By-Law was then read a second and third time and passed. The following Bills were then duly presented, viz: from T. W. Hewitt, & Co., for Stationery; also of the Trustees of the Temperance Hall, Nibleton, for the use of Hall for holding the municipal election for Ward No. 2, also from the Clerk for postage, &c.; also from the Inspector of Licenses; and also from Messrs. Boles and Carroll.

Moved by Mr. Webb, seconded by Mr. Lawson, and Resolved—That the Treasurer be, and is hereby authorized to pay the following bills, presented to this Council, viz: for office drawers for Clerk's office, amounting to \$19; from T. W. Hewitt, & Co., amounting to \$3; for postage, &c., amounting to \$5.23; also from the Inspector, Mr. Gordon, amounting to \$7.54.

Moved by Mr. Lawson, seconded by Mr. Thompson, and Resolved—That the Treasurer be, and is hereby authorized and directed to pay the bill rendered from Messrs. Boles and Carroll, amounting to \$3.40, out of any available moneys in his hands, belonging to the Clergy Reserve Fund.

Moved by Mr. Thompson, seconded by Mr. Moore, and Resolved—That the Reeve, Deputy-Reeve and Clerk, be, and are hereby appointed a committee to examine the list of lands in this Township, recently advertised for back taxes, which are not now sufficiently described to admit of the Sheriff selling the same with safety, and make out a full and proper description of said lands.

On concluding, Mr. Millard moved, seconded by Mr. Budge, that a vote of thanks be tendered those friends who had contributed to their labor and substance towards the entertainment.—Carried, and loud applause.

Mr. Cooke moved, seconded by Mr. Hutchcroft, that the thanks of the meeting be due and are hereby tendered Miss Smith, for the care and attention bestowed in qualifying the children to entertain the meeting so creditably. (Loud applause.)

The meeting broke up about 10 o'clock; and the way in which each piece sung, and speech delivered was received by the audience, gave unmistakable evidence of the manner in which the assembly was pleased. The large church was crowded, and nothing occurred to mar the harmony of the occasion.

North Gwillimbury.

The new Council elect for this township, met at Hiram Moore's Hotel, on Monday last. All the members present, viz: Wm. Henry, John Morton, Henry Draper, Thos. Evans, and Thos. Sheppard. The Clerk occupied the chair until the Reeve was elected.

After making the requisite declaration of office, the Councilors took their seats.

Moved by Thos. Sheppard, seconded by Thos. Evans, that John Morton be Reeve.

Moved in amendment by Henry Draper that Wm. Henry be Reeve.

The amendment not receiving a second, of course, fell through, and the original motion was put and carried.

The newly elected Reeve then made the necessary declaration of office.

The Council then proceeded to the appointment of Auditors for the year. The Reeve nominated Peter Anderson, and the Council appointed Hiram Moore.

Mr. Henry, at this stage of the proceedings, rose and tendered his resignation as Councilor. He would not sit at the Council table, he said, where the Reeve, in his opinion, was entirely unqualified for the position, (or words to that effect). After considerable discussion his resignation was accepted.

The Council then adjourned, to meet at the call of the Reeve. (Communicated.)

[Since the foregoing was in the press we have received a note from the Clerk, but it is substantially the same.—Ed.]

King Council.

The newly elected Council of the Corporation of the Township of King, met yesterday, at the Temperance Hall, Kettleby, and subscribed to the necessary qualification and declaration of office, before John Allen, Esq., J.P.

The Council is composed of the following members as last year, with the exception of Mr. Lawson, who is returned in place of Mr. Davis.

The Clerk then took the chair, and the following resolutions were adopted.

Moved by Mr. Moore, seconded by Mr. Thompson, and Resolved—That James P. Wells, Esq., late Reeve, be, and is hereby elected Reeve of this municipality for the current year.

The Reeve then briefly addressed the Council, and after subscribing to the declaration of office, took the chair.

Moved by Mr. Moore, seconded by Mr. Thompson, and Resolved—That Mr. J. Webb, Esq., be, and is hereby elected Deputy Reeve of this municipality for the current year.

On motion of Mr. Thompson, a By-Law was introduced in blank, to appoint Auditors for the year ending 31st Dec., 1861, and read a first time.

Moved by Mr. Moore, seconded by Mr. Thompson, and Resolved—That the Council do now resolve into Committee of the whole on the same.

The Council in Committee; Mr. Moore in the chair. Committees rose and the chairman reported the By-Law as amended; the first blank being filled, on the motion of the Reeve, with the name of Pringle Shaw, Esq., and the second blank with the name of H. Edwards Esq., of the Brownsville Examiner.

The By-Law was then read a second and third time, and passed.

On motion of Mr. Lawrence, a By-Law was introduced in blank, to appoint an Assessor for the Township of King, for the present year, and read a first time.

Mr. Lawson moved, seconded by Mr. Moore, that the Council do now resolve itself into Committee of the whole on the same.

The Council in Committee; Mr. Thompson in the chair. Committees rose and the chairman reported the By-Law as amended; by filling the blank with the name of John Gordon.

The By-Law was then read a second and third time and passed. The following Bills were then duly presented, viz: from T. W. Hewitt, & Co., for Stationery; also of the Trustees of the Temperance Hall, Nibleton, for the use of Hall for holding the municipal election for Ward No. 2, also from the Clerk for postage, &c.; also from the Inspector of Licenses; and also from Messrs. Boles and Carroll.

Moved by Mr. Webb, seconded by Mr. Lawson, and Resolved—That the Treasurer be, and is hereby authorized to pay the following bills, presented to this Council, viz: for office drawers for Clerk's office, amounting to \$19; from T. W. Hewitt, & Co., amounting to \$3; for postage, &c., amounting to \$5.23; also from the Inspector, Mr. Gordon, amounting to \$7.54.

Moved by Mr. Lawson, seconded by Mr. Thompson, and Resolved—That the Treasurer be, and is hereby authorized and directed to pay the bill rendered from Messrs. Boles and Carroll, amounting to \$3.40, out of any available moneys in his hands, belonging to the Clergy Reserve Fund.

Moved by Mr. Thompson, seconded by Mr. Moore, and Resolved—That the Reeve, Deputy-Reeve and Clerk, be, and are hereby appointed a committee to examine the list of lands in this Township, recently advertised for back taxes, which are not now sufficiently described to admit of the Sheriff selling the same with safety, and make out a full and proper description of said lands.

On concluding, Mr. Millard moved, seconded by Mr. Budge, that a vote of thanks be tendered those friends who had contributed to their labor and substance towards the entertainment.—Carried, and loud applause.

Mr. Cooke moved, seconded by Mr. Hutchcroft, that the thanks of the meeting be due and are hereby tendered Miss Smith, for the care and attention bestowed in qualifying the children to entertain the meeting so creditably. (Loud applause.)

The meeting broke up about 10 o'clock; and the way in which each piece sung, and speech delivered was received by the audience, gave unmistakable evidence of the manner in which the assembly was pleased. The large church was crowded, and nothing occurred to mar the harmony of the occasion.

On concluding, Mr. Millard moved, seconded by Mr. Budge, that a vote of thanks be tendered those friends who had contributed to their labor and substance towards the entertainment.—Carried, and loud applause.

**PANNING MILL
AND BLOWERS.**

BOOK the 1st Prize at the Fall Show
of the North York Agr. Society, for 1861,
they, at Whitburch Township Show,
they are medals of the Dept. materials are
are considered by competent judges,
the best Mill now in use for cleaning
of knots of grain,—especially for taking out
from Spring Wheat. See the following
Testimonials:

East Gwillimbury, Oct. 8th, 1861.
Mr. Lusk,

Dear Sir,—I have purchased
one of Mr. Lusk's Mills, and find it per-
fectly adapted to my use. I have written
a note to the man who sent it with
with. I can mix out and mill flour
half, and again separate the oats from
wheat so as to be fit for need. So far as
have tried the mill, I find it will answer
every purpose a farmer may wish.

JOHN FLETCHER.

Whitchurch, Oct. 12, 1861.

Mr. D. Lusk,

Dear Sir,—I have purchased one of David Lusk's Combined Mills, and I find it to be the best that I have any knowledge of, because it will separate out from spring wheat, and can produce a better sample of wheat, either for flour or scrub or feed, than any other mill that I have used or seen used, with less waste. It can be regulated different ways, and I think that I have yet seen no one, which I consider an improvement.

FRANCIS SMITH.

North Guillembury, Oct. 2, 1861.

Mr. D. Lusk,

Dear Sir,—Permit me to say that we consider your Combined Mills

from experience. We have used it, and recommended it. We have used it, and recommended it. We have used it, and recommended it.

Yours truly,
DANIEL STEPHENS,
PETER PARSONS.

No 11 Guillemberg, Oct. 12, 1888.

Dear Sir,—I have no hesitation in saying, that your Compound of King Mill and Blower is the best I have ever used in a field of grain, that has yet been presented to the public.

Yours truly,
JAK COOPER,
Farmer and experienced Miller.

Quebecville, Oct. 12, 1888.

r. D. Lusk.

Dear Sir,—I have used your Compound of King Mill and Blower in a field of grain, that has yet been presented to the public.

ing Yellow Little wheat, or taking the comb of spring wheat, it far surpasses any in that I have any knowledge of.

Yours, &c.,
W. HILL.

Farmers are respectfully invited to examine these Mills before purchasing elsewhere. All orders addressed to the Newmarket, Newmarket P. O., will receive prompt attention.

DAVID LUKER
Newmarket, Oct. 20, 1861.
